Call for partners of KLC2020:

The current signatory group (above) calls on wide-ranging participation of the further signatory organizations for the success of the Kyoto Landslide Commitment 2020. Potential partners include organizations having some aspects of activities related to understanding and reducing landslide disaster risk as their intrinsic missions. Accordingly, their success in carrying out their missions is in itself the successful commitment to KLC2020. **Secretariat of the Kyoto Landslide Commitment 2020:** secretariat@iclhq.org
