Dear authors of full color books and the electronic proceedings,

The ICL is grateful for your contributions to the full color books and the electronic proceedings of the Fifth World Landslide Forum (WLF5).

Although the WLF5 has officially been postponed for one year to be held at the same venue in Kyoto, Japan, on 2-6 November, 2021, both the color books and electronic proceedings (E-proceedings) of the WLF5 will be published on schedule by October 2020 as a worldwide compilation of the latest developments of landslide science and technology. The Kyoto Landslide Commitment 2020 will also be launched on 5 November 2020 on schedule. It was also agreed that the forum will keep its name and logo of WLF5 2020 unchanged. Although E-proceedings will be published this year with its ISBN number assigned, your PPT files can be updated for your presentations for the WLF5 next year to include your progress made during the extended period.
